Do Not Lend Your CITY DIRECTORY

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definte cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS — BE THEY ONE — OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY — THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS — each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS — each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers — the LESSER the cost to each.

It is also obvious that the LESSER the number of subscribers — the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

IT COSTS YOU MONEY Every Time It Is Loaned

INTRODUCTION

and GENERAL INDEX

Might Directories Ltd., publishers, present to subscribers and the general public, this, the 1971 edition of the Metropolitan Toronto City Directory.

Confidence in the growth of Metropolitan Toronto's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Metropolitan Toronto to the world.

The enviable position occupied by Might Directories Ltd. in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Metropolitan Toronto Directory will fulfill its mission as a source of authentic information pertaining to the city.

THREE MAJOR DEPARTMENTS

The three major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper, it represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Metropolitan Toronto, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL DIRECTORY of residents and business and professional concerns is the second major department printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Metropolitan Toronto and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on green paper, is the third major department. In this section the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes and the designation of homes and places of business having telephones.

MUNICIPAL PUBLICITY

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational centre. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Metropolitan Toronto.

Respectfully, The Publishers

THE RELATIONSHIP BETWEEN METROPOLITAN TORONTO AND AREA MUNICIPAL GOVERNMENTS

This article deals with the relationship between local governments in the area municipalities located within the Metropolitan Toronto Area and within the Metropolitan Corporation itself, and in particular the extent to which powers are vested in the Council of the Municipality of Metropolitan Toronto. It also sets forth in general terms the powers which remain vested in the Councils of the area municipalities which are exercised without the approval of the Metropolitan Corporation.

In the year 1953 the Legislature of the Province of Ontario enacted the Municipality of Metropolitan Toronto Act, 1953, which constituted "the inhabitants of the Metropolitan Area as a body corporate under the name of 'The Municipality of Metropolitan Toronto'". By this enactment, a separate corporate entity was created with certain powers under which it could function. At that time the Metropolitan Area consisted of thirteen area municipalities, i.e., the Townships of North York, Etobicoke, Scarborough, York and East York; the towns of Leaside, Mimico, New Toronto and Weston, the villages of Long Branch, Forest Hill and Swansea and the City of Toronto.

The creation of Metropolitan Toronto did not divest the thirteen area municipalities of all the powers that each formerly possessed. What did take place was the creation of a new municipality composed of a federation of thirteen area municipalities, each of which continued to function with somewhat reduced but nevertheless substantial powers and responsibilities which existed before the federation came into being.

From 1953 until the year 1966 the Metropolitan Corporation and its constituent area municipalities continued to function in much the same fashion with minor changes to legislation over the years. One significant change was in the year 1957 when on the 1st day of January of that year all police forces were amalgamated into one body known as the Metropolitan Toronto Police Force.

In the year 1963, some ten years after the establishment of the Metropolitan Corporation, the government of Ontario appointed H. Carl Goldenberg, O.B.E., Q.C., as a Commissioner designating him as the Royal Commission on Metropolitan Toronto "to enquire into and to report upon the status and organization of the Municipality of Metropolitan Toronto and other matters related thereto". After public hearings and the submission of briefs, the report of the Commission was published under date of June 10, 1965.

A number of important and far-reaching recommendations were embodied in the Commission's report dealing with the future of Metropolitan Toronto but for the sake of brevity, these are not dealt with here.

In the year 1966, the Provincial Legislature enacted the Municipality of Metropolitan Toronto Amendment Act, 1966, which drastically altered the composition of the Metropolitan Toronto Area. The amending legislation also provided for a reconstitution of the Metropolitan Council and an alteration in the duties and responsibilities of the Metropolitan Corporation and the area municipalities and undoubtedly must be considered as the most important piece of legislation affecting the Metropolitan Area since its creation.

Under the amending act, certain municipalities were amalgamated with others and the number reduced to six, i.e., the Boroughs of North York, Etobicoke, Scarborough, East York and York and the City of Toronto. By the same amending act

the Metropolitan Corporation was made responsible for the provision of certain services which had previously been the responsibility of the individual municipalities. One of the most important changes was the reconstitution of the Metropolitan Council, providing for membership as follows —

The Borough of North York	6 members
The Borough of Etobicoke	4 members
The Borough of Scarborough	5 members
The Borough of East York	2 members
The Borough of York	3 members
The City of Toronto	12 members

Since the establishment of the Metropolitan form of government in the year 1953, various legislative changes over the years have resulted in certain responsibilities becoming solely within the purview of the Metropolitan Corporation while others have become shared between Metropolitan Toronto and the area municipalities, while others, of course, remain solely a local responsibility. Briefly, these are as follows:

(1) METRO LEVEL:

Arterial Roads
Assessment (including Courts of Revision)
Borrowing
Business Licensing
Courts
Emergency Services (not including Police and Fire)
Health and Welfare Assistance
Homes for the Aged
Libraries (Regional)
Police
Parks and Conservation (Regional)
Sewage Disposal (Maintenance and Treatment)
Waste Disposal (not including collection)
Water Supply (main trunks and treatment)
Welfare Assistance (Statutory)

(2) SHARED:

Educational Financing
Hospital Grants
Housing
Planning
Redevelopment
Traffic Regulation

(3) LOCAL LEVEL:

Building Inspection
Canine Control
Education
Electricity Distribution
Fire Protection
Libraries
Plumbing Inspection
Planning and Development
Parks and Recreation
Public Health
Road Building and Maintenance
Sewers (Storm and Sanitary)
Tax Collection
Traffic Regulation
Water Distribution
Zoning Administration

Some mention should be made at this point of the degree of local autonomy which still remains with each individual area municipality, notwithstanding the functions which are carried out by the Metropolitan Corporation.

The individual municipalities continue to elect their own respective municipal councils, boards and commissions. For example, the Executive Committee of this municipality is composed of the Mayor and four Aldermen, who are elected by a vote for the Aldermen from all eleven wards. The local Board of Education is composed of one Trustee elected from each of the eleven wards with two members who are appointed by the Metropolitan Toronto Separate School Board. In this municipality the supply and distribution of Hydro-Electric power is under the jurisdiction of a three-man Commission composed of two members elected at large over the whole of the municipality with the Mayor acting as a member ex officio. The Municipal Council, of course, appoints other bodies: e.g., Public Library Board, Planning Board, Board of Management of Community Hall, etc. From the above it will be appreciated that each municipality still retains some degree of local autonomy within its own boundaries, with services being either a "Metro", "Shared" or "Local" responsibility.

Out of Sight!

Out of Mind!

Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

open books make open minds

Flexibility of mind, the ability to appreciate and accept new ideas, is directly related to the degree of a person's education. Though knowledge is conveyed in many ways, most often it is either written or printed.

Abitibi has two subsidiaries which supply much of the paper for publishing and education. Abitibi Provincial Paper Ltd. manufactures the fine papers used in textbooks, dictionaries, reference books, maps and magazines. Hilroy Envelopes & Stationery Limited makes a wide range of school supplies.

Abitibi's continuing research and development programs contribute to the improvement of the papers used to help make open minds.
